KMA 400

ALL POSITION TYRE

ON/OFF
MEDIUM HAUL

Available in sizes: 315/80R22,5 – 13R22,5

Regional multifunctional tyre for use on roads and on rougher terrain. With an improved block pattern designed to reduce shoulder heat. The tyre's wide running surface and higher saturation design improves the wear mileage. The KMA 400 offers powerful traction, grip and climbing performance.

KMD 400

DRIVE AXLE TYRE

ON/OFF
MEDIUM HAUL

AVAILABLE IN SIZES: 315/80R22,5 – 13R22,5

This drive axle tyre suitable for regional transport offers great traction while the tread compound was designed to resist chipping, cutting and abrasion. The KMD 400's variational groove width increases the mileage and service life of the tyre and ensures superior grip and braking performance in all seasons.

KTD 300

DRIVE AXLE TYRE

GENERAL ROAD
MEDIUM HAUL

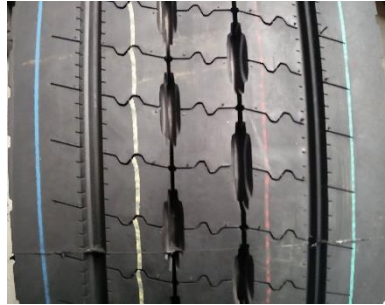

AVAILABLE IN SIZES: 315/80R22,5 - 315/70R22,5 - 315/60R22,5

Drive axle tyre suitable for international high way transport with a new groove shape design that delivers excellent grip in all weather conditions. The renewed compound of the KTD 300 offers strong wear resistance and prolonged life of the tyre.

ETS 100

STEER AND TRAILER AXLE TYRE

HIGHWAY
LONG HAUL

AVAILABLE IN SIZES: 315/80R22,5 - 315/70R22,5 - 315/60R22,5

Multifunctional tyre suitable for the steer and trailer axle of trucks running on the highway. The excellent steering performances of the F820 provide an improved comfort and steerability. The hidden groove delivers a prolonged life of the tyre.

KXA 400

ALL POSITION TYRE

ON/OFF
MEDIUM HAUL

AVAILABLE IN SIZES: 385/65R22,5 - 425/65R22,5 - 445/65R22,5

Multifunctional tyre suitable for trucks that combine driving on general and work place roads. Delivers high mileage and very good grip in all conditions thanks to the improved on/off-road tread compound.
